### Our values:

Our values represent the aspirations of our individual and collective behaviour. They guide our day-to-day decision-making. In order to achieve our vision, we will endeavor to put these values at the heart of everything we do.

- To **inspire**: Where everyone motivates, engages, challenges, and stretches each other
- To strive for **excellence**: Where everyone recognises their own potential and becomes the best they can be
- To demonstrate **integrity** in all we do: Where everyone is committed to being open, honest and doing the right thing
- To show **respect**: Where we listen, consider the views of others and value everyone
- To **innovate**: Where new ideas and thinking are generated around people, products and processes

The delivery of our vision is supported by five equally important strategic priorities which are:

- To build our **skills' leadership and delivery** to drive economic growth, sustainable prosperity and wellbeing
- To create an **ambitious, successful and accessible learning platform**
- To establish **distinctive learning partnerships** that drive student success and the best student experience
- To develop our own **challenging measures of success** informed by the aspirations of all our key partners
